About the Company

Nestled in the rolling hills of Antipolo, Rizal, Valley Golf & Country Club, Inc. is a private, non-profit club founded in 1958 by a distinguished group of businessmen led by the late Don Celso S. Tuason, along with Ernest Kahn, Henry J. Belden, Aurelio Montinola Sr., J. Antonio Araneta, Francisco Ortigas Jr., and Jaime Velasquez. Their vision in registering the Club with the Securities and Exchange Commission (SEC) was to “promote and foster the gentleman’s game of golf.”

In the same year, the SEC authorized the Club’s initial public offering of 1,800 shares at ₱10,000.00 per share. To date, a total of 1,594 shares have been subscribed and issued.

The Club’s development began with the construction of its nursery in 1958. Originally planted with Tifton 328 grass for its greens, the South Course underwent a major renovation in 2003, replacing the turf with TifEagle. In 2019, the greens were further upgraded to Zoysia Matrella, known for its superior playability and resilience.

The South Course layout was the result of a design competition between two architects—Englishman Fred Smith and Australian Jas H. Scott. Ultimately, the Club adopted Scott’s design for its championship course.

Valley Golf officially opened for play in 1961 and quickly gained popularity among golf enthusiasts. In response to growing membership and increased player traffic, the Club expanded in 1989 with the addition of an 18-hole, par-70 North Course, complementing the original South Course and solidifying Valley Golf’s reputation as one of the premier golfing destinations in the country.

Vision

Valley Golf, the premier golf and country club providing unparalleled recreational experience to our members, their families and guests.

Mission

To provide, world-class golf and recreational facilities and efficient, high-quality services to its members, families and guests; a friendly atmosphere, affordable cost and the employment of dedicated and service-oriented personnel.

It is the overriding goal of the Club to promote the game of golf, enhance harmony and fellowship and instill courtesy, discipline, honesty, fair play and integrity among all its members.

The President's Report

Another fiscal year has come to a close, and I would like to take this opportunity to share with you some of the work we have done and the progress we have made during the year.

It has been a busy and, at times, challenging year for Valley Golf. We had several major projects to attend to, particularly the continuing renovation of the Main Clubhouse, while at the same time making sure that the day-to-day needs of the Club and our members were not overlooked.

*Strengthening our courses, improving
our facilities, and building a better
Club for the years ahead.*

MOVING VALLEY FORWARD

Our golf courses remained one of our main priorities. Throughout the year, we continued to address drainage, turf conditions, irrigation and other areas that directly affect the quality and playability of our courses. Among the projects undertaken were the drainage improvement of Hole No. 4 of the North Course, expansion of our Zoysia Nursery, continuing Zoysia infusion, improvements to tee boxes and access areas, and the rehabilitation of selected areas of the courses.

We also started looking beyond immediate repairs and improvements. A five-year Golf Course Development Plan was presented to the Board covering drainage, greens rehabilitation, tee expansion, irrigation upgrades and improvements to our tee houses and other course facilities. This gives us a clearer direction on how we can continue improving both the North and South Courses in the coming years.

The Main Clubhouse Renovation continued to require much of the Board's attention. Considering the size and importance of the project, the Board decided that an independent review was necessary. JCV & Associates was engaged to conduct a forensic assessment of the project, including the work accomplished, payments made and other contractual and project-related concerns.

While the Main Clubhouse remains a work in progress, improvements in other areas of the Club continued. During the year, we completed the replacement of the North Clubhouse roof, improvements to the Drivers' Lounge and Security Office, refurbishment of the caddie area and toilets, improvements to the Men's Locker Room and sauna, as well as various landscaping and maintenance works.

On the membership side, we continued to welcome new members while looking for ways to make their introduction to the Club more meaningful. One initiative was the "Play with the Membership Committee and the Board of Directors" mini tournament, which provides new members an opportunity to meet and interact with the people behind the Club and become more familiar with the Valley Golf community.

We also continued to support the development of golf. Valley Golf hosted the 2026 Philippine Junior Amateur Open Championship, and the Club launched its Elite Program for Junior Golfers to support promising young players. A Caddie Trainee Program was likewise approved to provide proper training to new caddies and help maintain the level of service expected by our members.

Our efforts were also recognized beyond the Club. During the year, Valley Golf & Country Club received the 2026 Prestige Golf Award – Elite Caddie Excellence, presented by Prestige Golf Access & Clubshares Inc. This recognition is especially meaningful as it reflects the important role our caddies play in the overall golfing experience at Valley Golf. We share this recognition with our caddies and with those who continue to support their training and development.

Together with our junior golf programs, tournaments and continuing course improvements, this recognition strengthens Valley Golf's presence in the golfing community and encourages us to continue raising the standard of golf and service at the Club.

Other initiatives during the year included improvements in security, sustainability and Club operations. Water dispensers were installed in selected areas to help reduce the use of single-use plastics, additional solar facilities were considered, and plans for a centralized Security Command Center were developed.

Behind all these projects, the Board also continued its work on matters that may not always be visible to the membership but are equally important to the Club. We approved the Internal Audit Plan and Enterprise Risk Assessment, reviewed our

internal controls and IT systems, addressed regulatory and permit requirements, and continued to look at ways of improving accountability and the use of Club resources.

We know that there is still much work to be done. Some projects are ongoing, some will take time to complete, and there will always be areas where we can do better. What is important is that we continue to address these matters responsibly and make decisions based on what we believe will serve the Club and its members in the long run.

I would like to thank my fellow members of the Board for their time and commitment throughout the year. I also thank our Committees, Management, employees, caddies and everyone who worked behind the scenes to keep the Club running and to move our various projects forward.

Most of all, I thank our members for your continued support, patience and understanding. Your participation and concern for the Club remind us of the responsibility entrusted to us.

As we enter another year, there will be more work ahead. We will continue what we have started, address the areas that still need our attention, and work toward making Valley Golf better for all our members.

The Treasurer's Report

We are pleased to present to our esteemed Stockholders the financial performance of Valley Golf and Country Club, Inc. for Fiscal Year 2026.

The Club closed Fiscal Year 2026 with an excess of revenues over expenses before income taxes of P15.82 Million, compared with P35.60 Million in the previous year.

The Club maintained a stable liquidity position for Fiscal Year 2026, supported by continued cash flow from operations and prudent management of available resources.

For Fiscal Year 2026, the Club recorded an excess of revenues over expenses before income taxes. We take pride in presenting the highlights of VGCCI's financial performance for Fiscal Year 2026:

1. Gross Revenue reached P266.86 Million, compared to P265.42 Million last year. Revenue from contracts with customers increased slightly to P239.32 Million from P237.86 Million in 2025.

The movement in revenue was mainly influenced by the following:

- Green Fees and Sports and Recreation Revenues amounted to P39.80 million in FY 2026. While golf activity varied during the year, the increase in Green Fee rates effective May 1, 2026 helped support revenue generation from these activities.
- Assessment for Road Maintenance increased to P44.37 million, from P42.71 million in the previous year, supporting the Club's ongoing road maintenance and improvement requirements.
- Rental Income decreased to P24.03 Million from P25.35 Million in the previous year.
- Interest Income increased to P2.31 Million from

P2.22 Million last year, reflecting improved earnings from the Club's available funds and investments.

2. Costs and Expenses amounted to P250.29 million in Fiscal Year 2026, compared with P229.15 million in Fiscal Year 2025, representing an increase of P21.14 million or 9.2%, mainly driven by higher Outside Services, Other Costs, Club Events, and Personnel Costs under Cost of Services. Administrative Expenses also increased primarily due to higher personnel costs and sundries. Interest expense amounted to P0.74 million.

3. The Club's financial position as of June 30, 2026:

- Total Assets: P579.40 million, compared with P498.96 million in 2025, reflecting continued investment in the Club's assets and facilities.
- Total Liabilities: P185.66 million, compared with P141.85 million in 2025, primarily reflecting the Club's financing and lease obligations.
- Members' Equity: P393.74 million, compared with P357.12 million in 2025, reflecting the continued growth in the Club's net assets.
- Cash and Cash Equivalents: P57.29 million, compared with P121.73 million in 2025, reflecting the utilization of cash resources for the Club's operations and capital requirements.

The fiscal year 2026 reflects the Club's continued commitment to financial discipline, operational sustainability, and responsible stewardship of its resources. While revenues remained relatively stable, the increase in costs and expenses resulted in a lower excess of revenues over expenses compared with the previous year.

We extend our sincere gratitude to our Stockholders, the President, the Board of Directors, the Finance Committee, management, and all employees for their continued trust, guidance, and support. Their collective efforts have been instrumental in maintaining the Club's financial stability and advancing its long-term objectives.

It is with humility and honor that I serve as your Treasurer and present these results as a reflection of our commitment to prudent financial stewardship and to the continued success of Valley Golf and Country Club, Inc.

COMMITTEE REPORTS

ADMIN

During FY 2025–2026, the Administration Committee continued to provide oversight and guidance on human resources, employee relations, compensation and benefits, labor relations, organizational development, internal controls, manpower planning, and administrative operations. The Committee's efforts were directed toward strengthening accountability, improving organizational systems, and supporting the Club's long-term operational requirements.

Key Accomplishments. Human Resources and Performance Management. The Committee initiated the enhancement of the Club's performance management system through the development of more objective, position-specific Key Performance Indicators (KPIs). It supported the transition from automatic salary adjustments toward a merit-based compensation framework in which performance evaluations serve as the basis for merit increases and employee development.

Compensation, Benefits and Employee Retention. The Committee reviewed compensation and benefits programs aimed at maintaining competitiveness and improving employee retention. PhilCare was selected for the Club's 2026–2027 HMO program following comparative evaluation. The committee developed and introduced to the board the idea of an Employee Car Plan.

Labor Relations. The committee successfully negotiated the 4th and 5th years of CBA after just one formal meeting with the union. The negotiated package covered wage increases, meal allowance, longevity pay, signing bonuses, HMO cost sharing, and uniform allowance, balancing employee welfare with the Club's financial position.

Organizational Development and Succession Planning. Particular attention was given to organizational continuity and succession for critical positions, including Property and Asset Management, Golf Operations, Controllers, Membership, MIS, Logistics, Credit and Collection, and Internal Audit. The Committee emphasized proper knowledge transfer, clear reporting relationships, and the placement and development of personnel for future leadership responsibilities.

Internal Controls and Accountability. The Committee supported strengthening the Club's control environment through an Internal Audit function complemented by external audit oversight. It also emphasized improved asset accountability, document custody and turnover, authorization procedures, and operational controls.

Property and Administrative Operations. The Committee reviewed property and asset management, security and CCTV monitoring, gate collection controls, logistics operations, facilities improvements, and related administrative concerns. Regularization of the Property & Asset Manager was completed and approved by the Board, while improvements in asset records, accountability, and project continuity were identified as continuing priorities.

COMMITTEE REPORTS

ADMIN

Budget and Organizational Efficiency. In reviewing the FY 2026–2027 Administration/HR budget, the Committee incorporated the directive to reduce capital expenditures by 20%. It supported prioritizing essential expenditures and considered an in-house HR Information System under MIS as an alternative to a separate external implementation.

Strategic Planning. Recognizing that organizational changes should be guided by a broader long-term direction, the Committee supported the development of a strategic roadmap and proposed a Cross-Group Strategic Planning Committee to promote continuity and alignment of the Club's organizational structure, resources, and operations.

MOVING FORWARD

The Committee will continue to focus on completing and institutionalizing the KPI and performance management system, strengthening Internal Audit and operational controls, rationalizing the organizational structure, developing successors for critical positions, implementing employee retention initiatives, and supporting the development of the Club's long-term strategic roadmap.

The Committee remains committed to strengthening the Club's administrative and organizational foundation through sound governance, clear accountability, effective people management, and sustainable systems that support Valley Golf's long-term objectives.

COMMITTEE REPORTS

ENGINEERING

DREDGING WORKS. The project involves the removal of accumulated silt, sediment, debris, and other obstructions along the golf course river to improve water flow and drainage capacity.

REHABILITATION OF TOILETS AT THE CADDIE QUARTERS AND BAG DROP AREA. The project involves the rehabilitation and improvement of existing toilets at the Caddie Quarters and Bag Drop Area to provide a cleaner, safer, and more functional facility. Works include repair and replacement of damaged fixtures, plumbing and drainage improvements, wall and floor repairs, repainting, and other necessary improvements to enhance sanitation, comfort, and overall facility condition.

FINANCE

The Finance Committee is the principal committee tasked to oversee the financial performance of the Club and recommend financial strategies to the Board.

The remarkable results of our financial statements for the Fiscal Year ending June 30, 2026, are the results of the collaborative efforts of the Board of Directors, the Finance Committee, and the other Committees of the Club.

We are pleased to report the Audited Financial Reports of the Club which shows a net excess of revenues over expenses of P13.23 Million. Our Cash and Cash Equivalents including Investments in Time Deposits is P57.29 Million as of June 30, 2026.

We would like to report that the Finance Committee in its effort to accomplish these tasks had submitted the following recommendations to the Board:

- Increase in Green Fee rates effective May 1, 2026, to align with rates of comparable golf clubs, resulting in increased Green Fee revenues.
- Recommended the disposal and sale of used Club assets, including four (4) Yamaha Golf Carts, Forward Truck, Mitsubishi L300, Suzuki Multicab, and two (2) Honda Motorcycles, to optimize the use of Club assets and generate additional proceeds.
- Reviewed and recommended policies on the issuance and use of Green and Pink Golf Fee Coupons, including their validity periods, allocation, and permitted use.

The Audited Financial Statements for the Fiscal Year ended June 30, 2026, were reviewed by the Finance Committee together with the external auditors, SyCip Gorres Velayo & Co. (SGV), to ensure compliance with applicable accounting and auditing standards and to address significant financial reporting matters.

For Fiscal Year 2026, the Finance Committee spearheaded the review and preparation of the Financial and Business Plan to sustain the Club's operations and various projects. The Committee also continued to provide financial analysis and recommendations to Management and the Board on matters affecting the Club's revenues, expenditures, cash position, capital requirements, and overall financial sustainability.

Through these initiatives, the Finance Committee remained focused on strengthening the Club's financial position, promoting prudent use of Club resources, improving financial discipline, and ensuring that major financial decisions are aligned with the Club's long-term objectives.

COMMITTEE REPORTS

HOUSE

During the fiscal year, the House Committee focused on facility improvements, operational efficiency, sustainability, and enhancement of member and staff amenities.

In coordination with the Bids & Awards Committee, the Club awarded a two-year manpower services contract to Prime Manpower Service, effective January 1, 2026. The Committee also generated ₱240,000 in rental venue revenue during the year.

Major projects undertaken included:

- Installation of the AC Mobility Electric Vehicle Charging Station
- Refurbishment of the caddy area near the Main Bag Drop and Motorpool
- Relocation of the Drivers' Lounge to the North Clubhouse
- Relocation of the Security Office
- Replacement of the North Clubhouse roof
- Repainting of the golf ball landmarks at Gates 1 and 4
- Installation of additional water stations at the North and South Courses
- Bamboo planting at North Course Hole No. 6

Projects for FY 2026–2027

For the coming fiscal year, the Committee will continue to prioritize facility enhancement, sustainability, member convenience, and operational requirements. Planned initiatives include the North Clubhouse Restaurant Concessionaire, renovation of the North Clubhouse toilets, an additional emergency exit at the Ladies' Locker, additional air-conditioning for the Boardroom, and expansion of solar power installations at the Main Veranda, Golf Cart Building, and new Main Clubhouse.

The Committee will also oversee the renewal of the Pacsports, pest control, and laundry service contracts.

COMMITTEE REPORTS

MEMBERSHIP

The Membership Committee continued to play an active role in strengthening membership administration, upholding Club standards, and supporting initiatives aimed at enhancing the overall membership experience during Fiscal Year 2025–2026.

Throughout the year, the Committee regularly reviewed, interviewed, and endorsed qualified applicants for Proprietary Membership, Nominees, Playing Guest privileges, Associate Membership, and other membership classifications. The Committee likewise acted on membership transfers, renewals, changes in representation, and other membership-related requests, ensuring compliance with the Club's By-Laws, Member's Handbook, and existing Board policies.

In terms of revenue generation, the Club earned ₱8.18 million in transfer fees and ₱25.72 million in service charges for the fiscal year. Service charges, comprising ₱8.20 million from initial applications and ₱17.52 million from renewals, continued to post growth, increasing by 6.8% from ₱24.09 million in the previous year. Transfer fees, however, declined by 28.9% from ₱11.50 million last year. Overall, these key membership-related revenue sources generated a combined ₱33.90 million during the fiscal year.

Particular attention was given to strengthening membership verification and governance. Enhanced documentary requirements for Corporate Representatives/Nominees were implemented to better establish their legitimate relationship with the nominating corporation. The Committee also continued to review membership policies and recommend measures intended to promote consistency, fairness, proper documentation, and accountability in the administration of membership privileges.

The Committee likewise addressed matters involving member conduct and discipline in accordance with the Membership Manual: Code of Discipline. Complaints and reported violations were evaluated with due regard for procedural fairness and due process, with appropriate recommendations submitted to the Board or referrals made to the proper committee when warranted.

Moving forward, the Membership Committee remains committed to preserving the integrity and value of Club membership, strengthening governance and administrative processes, encouraging greater Club patronage, and supporting initiatives that enhance the overall experience of both existing and prospective members of Valley Golf & Country Club, Inc.

2026 DON CELSO CUP

We are proud to share the success of one of Valley Golf & Country Club's most anticipated annual events the 25th Don Celso Tuason and Founders Cup, held from February 18–22, 2026 and Awarding night the next day February 23, 2026.

This year's tournament was made even more special by the smooth and successful flow of activities, from the tournament proper through the awarding ceremony. This achievement would not have been possible without the unwavering generosity and support of our valued sponsors, as well as the dedication, hard work, and commitment of our team and staff who worked tirelessly to bring this prestigious event to life.

The celebration reached its grand finale during the Awarding Night, held at the Solaire Resort North Grand Ballroom 1, 2 & 3, with 500 guests in attendance. The evening was a memorable celebration of sportsmanship, camaraderie, and the continued success of the Valley Golf & Country Club community.

The successful staging of the 25th Don Celso Tuason and Founders Cup reflects the collective efforts of everyone who contributed to making this milestone event truly remarkable.

2026 BARKADAHAN

We are proud to share the successful staging of the 2026 Barkadahan Tournament at Valley Golf & Country Club, with 25 teams participating in this much awaited event. The tournament showcased not only the competitive spirit of our members but also the true essence of sportsmanship, friendship, and camaraderie. All participating teams gave their best on the course, making each match exciting and memorable as they competed for the championship title. Congratulations to Team Atlas for emerging victorious over Januarius in the finals and claiming the championship title!

The celebration continued at the North Clubhouse during the awarding ceremony, where members enjoyed an afternoon filled with exciting prizes, delicious food, refreshing drinks, and joyful fellowship. It was truly a memorable occasion that brought together the Valley Golf family in the spirit of friendship and sportsmanship.

We extend our heartfelt appreciation and congratulations to the S&G Committee, Handicap Committee, MIS, and Golf Operations Team for their hard work, dedication, and invaluable contribution to making the 2026 Barkadahan Tournament a resounding success.

Indeed, the 2026 Barkadahan was more than just a tournament—it was a celebration of friendship, camaraderie, and the strong sense of community that makes the Valley Golf family truly special.

1ST ANNUAL LADIES' TOURNAMENT

We are proud to present the success of the 1st Annual Ladies' Tournament, held on March 7, 2026, at Valley Golf & Country Club, with 52 ladies participating in this milestone event.

The tournament marked a significant achievement for the club and the S&G Committee, as it was the first club-sanctioned Ladies' Tournament organized by the S&G Committee with no entry fee. This special event provided our members with an opportunity to enjoy a full day of golf, fellowship, and celebration, complemented by a complimentary lunch, exciting raffle prizes, and refreshing drinks. More than just a competition, the tournament was a meaningful way of giving back to our valued lady members, providing them with an opportunity to come together, strengthen friendships, and create lasting memories on and off the golf course. The enthusiastic participation of 52 ladies reflected the strong camaraderie, friendship, and community spirit within the Valley Golf family. We extend our heartfelt appreciation to the S&G Committee, Chairman, staff, and MIS Team for their unwavering support, dedication, and hard work in making this inaugural event a remarkable success. We look forward to continuing this meaningful tradition in the years to come and creating more memorable experiences for our valued lady members of the Valley Golf family.

1ST ANNUAL MEN'S TOURNAMENT

On June 20, 2026, Valley Golf & Country Club proudly hosted the 1st Annual Men's Tournament across the North and South Courses, marking a significant milestone for the club and the S&G Committee.

This inaugural event was the first club-sanctioned tournament organized by the S&G Committee with no entry fee, allowing our members to enjoy a full day of golf, fellowship, and celebration. Participants were treated to a complimentary lunch, raffle prizes, and refreshing drinks, making the tournament an even more enjoyable and memorable experience. More just a competition, the event was organized as a way of giving back to our senior members, providing them with an opportunity to come together, strengthen friendships, and enjoy a memorable day on the golf course. The overwhelming support and participation highlighted the strong camaraderie and community spirit among our members. Our heartfelt appreciation goes to the S&G Committee, Chairman, staff, and MIS Team for their unwavering support, dedication, and hard work in making this inaugural tournament a remarkable success. We look forward to continuing this meaningful tradition every year and creating more memorable experiences for our valued senior members of the Valley Golf family.

SUPPORT PROGRAMS FOR JUNIOR ELITE GOLFERS

This year, the Committee proudly launched the contract signing for the Chosen 7 Junior Golfers, on June 5, 2026, held at the Board Room in the presence of their guardians, selected members of the S&G Committee, and President Atty. Rio Venturanza. The seven selected junior golfers formally signed their contracts, granting them food and driving range privileges as part of the program. This initiative reflects the Committee's continued commitment to supporting and developing young golfing talents within the Valley Golf community. The contract signing marked an important milestone for the Chosen 7 Junior Golfers, providing them with valuable opportunities to further develop their skills, gain experience, and nurture their passion for the sport. We congratulate the Chosen 7 Junior Golfers and look forward to supporting their growth and success both on and off the golf course.

WEEKLY WEEDING OPERATION AND COURSE CLEAN-UP

In coordination with the Caddie Association, the Caddie Weeding Training and Development Program, with the support of the Head of Golf Operations, Mr. Jonathan Lumagbas. The weekly weeding operation and course clean-up continues to be conducted every Monday by the Valley Golf caddies. The activity has been consistently supported by most of the caddies, demonstrating their cooperation and commitment to maintaining the cleanliness and overall condition of the golf course. Despite the limited budget allocated for food and refreshments during the activity, most caddies continue to participate willingly and actively. The program provides foundational training for new and junior caddies, helping them develop the discipline, knowledge, and skills necessary to become effective caddies. As part of the training, participants are introduced to basic golf course maintenance activities, such as pulling weeds and clearing turf along the fairways, before they are entrusted with carrying golf bags or aiding players on the course.

The program serves several important purposes:

- Course Maintenance – Teaches trainees the fundamentals of golf course groundskeeping and proper turf upkeep.
- Earning Trust and Discipline – Provides an initiation and training period where new caddies can demonstrate their work ethic, responsibility, and commitment.
- Course Knowledge – Allows trainees to become familiar with the golf course layout, grass types, contours, and playing conditions, giving them a better understanding of the course and its requirements.

Through this continuing initiative, Valley Golf & Country Club aims to develop responsible, knowledgeable, and well-trained caddies, while promoting discipline, teamwork, and pride in maintaining the quality of the golf course.

TRAINING OF NEWLY RECRUITED CADDIES

The training and orientation of newly recruited caddies are currently ongoing. The program is being conducted while awaiting the availability of the designated person who will facilitate and conduct the formal seminar. In the meantime, the trainees continue to receive guidance and practical exposure to help them become familiar with the duties, responsibilities, and standards expected of a golf caddie.

CADDIE TRAINEE LOYALTY AND RETENTION

Improving the loyalty and retention of trainee caddies requires a combination of fair compensation, clear opportunities for growth, respectful treatment, and a supportive working environment. Providing even a modest but consistent weekly allowance can help demonstrate that their efforts are valued. At the same time, trainees are more likely to remain committed when they can see a clear path for development and advancement. Respectful treatment and positive working relationships are also important factors in building loyalty. When any of these key factors—fair compensation, growth opportunities, respect, or development opportunities—is lacking, the likelihood of reduced motivation and eventual turnover increases. Therefore, maintaining a balanced approach to compensation, development, and workplace relations is essential in improving caddie retention and strengthening the overall workforce.

WGAP TOURNAMENT SUPPORT - LEG 4

The WGAP Tournament was successfully concluded on July 13–14. The event proceeded smoothly, with sufficient caddie manpower throughout the tournament. No caddie shortage was encountered, and only minimal complaints were received from participants. This reflects the effectiveness of the caddie deployment and the cooperation of the caddie team and Valley Golf Operations in supporting the successful conduct of the tournament.

With that Valley Golf & Country Club proudly received recognition for its excellent service and outstanding support during the 2026 WGAP Leg 4. Throughout the two-day tournament, Valley Golf received numerous compliments and positive feedback from members, guests, players, and the WGAP Board of Directors for the exceptional service provided by our team. Despite the challenges brought by the weather, our staff remained committed and continued to give their best to ensure the comfort, safety, and overall satisfaction of all participants. The Golf Operations Team was particularly recognized for its unwavering support, assistance, and dedication in attending to the needs of WGAP participants and players throughout the tournament. Their professionalism, teamwork, and willingness to go the extra mile contributed greatly to the smooth and successful conduct of the event.

This recognition reflects Valley Golf & Country Club's continued commitment to providing excellent service, professionalism, and genuine hospitality to all members, guests, and tournament participants. Our heartfelt appreciation goes to the Golf Operations Team, staff, and everyone involved for their hard work and dedication in making the 2026 WGAP Leg 4 a truly successful and memorable event.

VALLEY GOLF & COUNTRY CLUB CADDIES RECEIVES 2026 PRESTIGE GOLF AWARD

On July 28, 2026, Valley Golf & Country Club was honored to be chosen as the home of the Elite Caddie Excellence Golf Award, presented by Prestige Golf Access and Club shares Inc. This recognition is a significant milestone for the Club and, more importantly, a testament to the dedication, professionalism, and service excellence demonstrated by our caddie team.

The award was formally accepted on behalf of the Club by President Atty. Rio Venturanza, together with the General Manager, Head of Golf Operations, and our Caddie Officers. Their presence underscored the Club's strong commitment to recognizing and supporting the important role our caddies play in delivering a quality golfing experience to our members and guests.

As part of this meaningful occasion, Prestige Golf Access and Club shares Inc. generously donated ₱25,000 to the Valley Caddies Fund. The Club extends its sincere appreciation for this generous contribution. The donation will serve as valuable support for the welfare and continuing development of our caddies and reflects the shared commitment of our partners to the people who are integral to the success of the golf operation.

This recognition, however, should not be viewed as the finish line. Rather, it is a standard that we must continuously uphold and strive to surpass. The award reminds us that excellence is not a one-time achievement but a continuing responsibility.

Moving forward, the Caddies Association, together with Golf Operations and Club management, must remain committed to raising the standards of professionalism, discipline, courtesy, knowledge, and service among our caddies. Continuous training, proper guidance, accountability, and strong leadership will be essential in ensuring that the recognition received today becomes a foundation for even greater achievements in the future.

The Club is proud of this accomplishment and grateful to everyone who contributed to this recognition. Let us continue to raise the bar, strengthen the standards of our Caddies Association and ensure that Valley Golf & Country Club remains a benchmark for caddie excellence and outstanding golf service.

COMMITTEE REPORTS

SECURITY

During the fiscal year, the Security Committee continued to strengthen the Club's security systems, access controls, traffic management, and revenue collection operations.

In coordination with the Bids & Awards Committee, the Club awarded a two-year security services contract to Semper Fidelis Security Services, Inc., effective February 1, 2026.

The Committee generated ₱46.53 million in security-related revenues (VAT-exclusive) from road user fees, car stickers, event parking fees, and tire clamping. This represents an 11% increase, or ₱5.10 million, over the previous fiscal year's ₱41.43 million.

Major initiatives during the year included the expansion of CCTV coverage across the Main and North Clubhouses, parking and operational areas, and gate guardhouses; deployment of seven gate cashiers for road user fee collection; augmentation of security personnel for temporary access and boulevard patrols; installation of perimeter razor wire; implementation of vehicle sticker controls; removal of the defective RFID system; and improvement of traffic flow at Gate 1-Ortigas.

Revenue Summary

Revenue Source	Amount
Road User Fees – Delivery Trucks	₱15,946,767.28
Road User Fees – Passing Through	₱14,722,831.30
Car Stickers	₱15,497,214.32
Event Parking Fees	₱25,133.93
Tire Clamping	₱336,000.00
Total	₱46,527,946.83

Projects for FY 2026–2027

The Committee's priorities for the coming fiscal year include the renovation of Security Gates 1, 2 and 4, establishment of a Security Command Center and CCTV Room, and implementation of road safety improvements such as speed strips, reflectorized road markings and signages, road studs (“cat eyes”), roadway painting from the Main Gate toward the clubhouses, and a manual barrier for the Members' Parking Area.

COMMITTEE REPORTS

REAL ESTATE

During the fiscal year, the Real Estate Committee focused on property-related matters, land development concerns, and the protection of the Club's real estate interests.

A major undertaking was the Sitio Malaya Demolition, which commenced on June 9, 2026. The Committee also continued to address the Sitio Mapandan Civil Case.

The Committee recorded ₱457,750 in revenue for the fiscal year, consisting of:

- Construction Bond / Right-of-Way – ₱436,200
- Construction Permit Fees – ₱21,550

Projects for FY 2026–2027

For the coming fiscal year, the Committee will continue to pursue property development and infrastructure initiatives, including the upgrading of existing Manila Water pipes along DCT Road, the Gawad Kalinga Housing Project, the Sitio Malaya Development Project, and road re-blocking along DCT Road.

BIDS & AWARDS

The Bids and Awards Committee continued to strengthen the Club's procurement process by promoting transparency, competitiveness, and accountability in the acquisition of goods and services.

During the fiscal year, the Committee undertook the revision of the Bids and Awards Committee / Procurement Policy to further improve procurement procedures, establish clearer guidelines, and ensure that the Club's bidding and awarding processes remain responsive to its operational requirements.

As part of its major procurement activities, the Committee completed the bidding and awarding of two key service contracts. Prime Manpower Service was awarded the Club's manpower services contract effective January 1, 2026, for a period of two years. Likewise, Semper Fidelis Security Services, Inc. was awarded the Club's security services contract effective February 1, 2026, also for a period of two years. These engagements support the Club's continuing requirements for reliable manpower and security services.

COMMITTEE REPORTS

BIDS & AWARDS

For the upcoming fiscal year, the Committee is set to oversee the procurement and bidding requirements for several infrastructure and facility improvement projects aimed at enhancing the Club's operations, safety, sustainability, and overall member experience. These include:

- Golf Course Lighting System
- DCT Road Re-Blocking and Drainage System Improvement
- Extension of the Golf Cart Parking Area
- Upgrading of the Lightning Protection System (Lightning Arrester) at the Golf Course
- North Clubhouse Toilet Renovation
- Additional Solar Panels for the Golf Cart Building
- Additional Solar Panels for the Newly Renovated Main Clubhouse Area
- Renovation of Security Guard Houses at Gate 1 – Ortigas, Gate 2 – Secondary, and Gate 4 – Sumulong

Through these initiatives, the Bids and Awards Committee remains committed to ensuring that the Club's resources are utilized responsibly and that procurement activities support the Club's operational priorities and long-term development plans.

1. Committee Composition & Governance

The Social Events & Sustainability Committee for FY 2025–2026 was composed of:

Role	Name
Chairman	Dir. Cecile Ng-Esguerra
Member	Mr. Rico Feliciano
Member	Ms. Janeth Co
Member	Ms. Michelle del Rosario

The Committee held regular meetings every second or third Wednesday of the month during the fiscal year. Meetings were conducted with a quorum of Committee members, together with General Manager Andrew Matthews, Property & Asset Manager Jaime Nepomuceno Jr., and Clubhouse Affairs/F&B Coordinator Mellanie Aycardo.

2. Executive Summary

FY 2025–2026 was marked by a balanced program of member engagement, family-orientated activities, community support, and practical sustainability initiatives. The Social Events and Sustainability Committee focused on creating opportunities for members and their families to connect beyond regular club activities, while also encouraging responsible practices and strengthening the sense of community within the club. Through the year’s programs, the Committee sought to make membership more meaningful by providing shared experiences that promote fellowship, participation, and a stronger connection among members, their families, club staff, and the wider club community.

The Committee successfully delivered two major seasonal celebrations during the fiscal year. The Christmas Tree Lighting Ceremony on November 15, 2025 brought together 60 members and their families for an evening of fellowship, music, holiday traditions, and family enjoyment. The Easter Sunday Celebration on April 5, 2026 provided another family-centered opportunity, with an Easter Egg Hunt, giveaways, entertainment, and activities designed for members and dependents. These programs demonstrate the Committee’s effort to create inclusive occasions where members can build relationships and enjoy the club as a community.

The Committee also advanced its sustainability efforts by introducing practical and visible initiatives that encourage environmentally responsible habits. Reusable tote bags were made available at key club locations as an alternative to single-use plastic bags, while sustainability awareness materials promoted simple actions such as bringing reusable tumblers and reducing the club’s environmental footprint. These initiatives are intended to make sustainable choices more convenient and achievable for members in their day-to-day use of the club.

In addition, the Caddie Donation Drive provided a separate avenue for community support. Unused golf equipment collected through the initiative was donated to the Caddies Association on July 6, 2026. This initiative reflects the Committee’s broader objective of encouraging generosity and recognizing the people who contribute to the member experience. It gives members an opportunity to extend the useful life of equipment while supporting the caddie community.

Looking ahead, the Committee has prepared a holiday program for the upcoming fiscal year that builds on these priorities. Planned activities include a Parol Display Contest featuring caddies and club staff, a holiday-themed Golf Cart Contest for Barkadahan members, a Christmas Bazaar/Tiangge, the Christmas Lighting Ceremony with children’s games, entertainment, and member raffle draws. Together, these projects are designed to encourage broader participation, strengthen family engagement, celebrate club traditions, and provide additional opportunities for members to connect with one another.

Overall, the Committee’s work during FY 2025–2026 reflects the principle that the value of membership extends beyond facilities and services. A vibrant club community is also built through shared traditions, family experiences, responsible practices, and opportunities to contribute. The Committee will continue to pursue programs that are relevant to members, inclusive of families and club stakeholders, and aligned with the goal of creating a welcoming and connected club environment.

KEY THEMES

Community & Belonging • Family Engagement • Member Experience • Environmental Awareness • Support for Club Staff & Caddies

3. Accomplishments & Member Value

3.1 Social and Member Engagement

3.1.1 Christmas Tree Lighting Ceremony

November 15, 2025 | 60 members in attendance

The Christmas Tree Lighting Ceremony welcomed members and their families to an evening filled with holiday cheer, beginning with light refreshments and warm fellowship. The festivities officially commenced with inspiring welcome remarks and the President’s Message, setting the tone for a joyful Christmas celebration.

Excitement filled the air as Santa Claus made a special appearance, delighting children and bringing smiles to guests of all ages. The highlight of the evening was the much-anticipated tree-lighting countdown, culminating in the illumination of the Christmas tree as the choir filled the venue with heartwarming Christmas carols.

The magical celebration concluded with a memorable photo opportunity, allowing families to capture the spirit of the season before continuing the evening with fellowship and festive camaraderie at the Main Clubhouse. The event brought the community together to celebrate the joy, warmth, and wonder of Christmas.

WHY THIS MATTERS TO MEMBERS

The event creates a shared holiday tradition where members, families, and children can celebrate together in a welcoming club environment. Beyond entertainment, it strengthens social connections and gives members an opportunity to build relationships outside regular golf or club activities.

Christmas Tree Lighting Ceremony • November 15, 2025

3.1.2 Easter Sunday Celebration

April 5, 2026 | Easter Egg Hunt at the Coffee Lounge | 90 kids in attendance

The Easter Egg Hunt brought excitement and laughter to the Coffee Lounge following Sunday Mass and registration. The celebration kicked off with fun giveaways, warm welcome messages from the Club President and Committee Chair, and special recognition of our generous sponsors. Members and their dependents enjoyed a variety of engaging activities, while a magic show and games kept everyone entertained and amazed.

The highlight of the day was the much-anticipated Easter Egg Hunt, where children eagerly searched high and low for an incredible 1,500 hidden eggs scattered throughout the venue. Filled with adventure, surprises, and joyful moments, the event created lasting memories for families and made for a truly egg-citing Easter celebration!

WHY THIS MATTERS TO MEMBERS

Family-oriented activities make the club more inclusive by giving dependents and children opportunities to participate in the community. Events such as the Easter celebration also encourage families to spend meaningful time together within the club, reinforcing the club as a place for recreation, connection, and shared experiences.

Easter Sunday Celebration • April 5, 2026

3.2 Sustainability and Environmental Responsibility

The Committee continued efforts to build environmental awareness within the community through practical, visible initiatives.

Initiative	What Was Implemented	Why It Matters to Members
Reusable Tote Bags	Reusable tote bags are being used as an alternative to single-use plastic bags and are available at the Registration Desk, Men's Locker Room, and Women's Locker Room.	Provides a convenient reusable option while encouraging members to reduce reliance on single-use plastic in everyday club activities.
Environmental Awareness	Sustainability messages promoted practical actions such as bringing reusable tumblers and reducing the club's environmental footprint.	Makes sustainability visible and actionable, helping members understand that small individual choices can support broader environmental responsibility.
Caddie Donation Drive	The Committee spearheaded a donation drive for unused golf equipment, with donations made to the Caddies Association on July 6, 2026.	Extends the useful life of equipment while supporting the caddie community. It also gives members a practical way to contribute items they no longer use.

WHY THIS MATTERS TO MEMBERS

Sustainability becomes meaningful when it is easy to practice. By providing reusable alternatives, communicating simple environmental actions, and facilitating responsible donation of unused golf equipment, the Committee gives members practical ways to participate while supporting the club's wider community.

Sustainability awareness materials are used to encourage practical environmental actions.

3.3 Community Support and Outreach

The Committee extended the club's spirit of community beyond membership by recognizing and supporting the individuals who help make the club experience possible.

3.3.1 Caddie Donation Drive

Demonstrating the club's commitment to giving back, the Committee organized a donation drive for unused golf equipment, which was turned over to the Caddies Association on July 6, 2026. The initiative brought members together in support of the caddie community, strengthening connections and fostering a culture of appreciation, generosity, and inclusivity.

WHY THIS MATTERS TO MEMBERS

The initiative provides a meaningful channel for members to pass on golf equipment they no longer use while supporting the caddie community. It encourages a culture of generosity and recognizes the people who play an important role in the club experience.

Caddie Donation Drive • July 6, 2026

4. Overall Value for Membership

Taken together, the Committee's FY 2025–2026 activities support a broader member experience that goes beyond the golf course. The initiatives were designed to create opportunities for members and their families to connect, celebrate, participate, and contribute to the club community.

Committee Focus	Value to Members
Community & Fellowship	Creates shared experiences that encourage members to know one another and strengthen a sense of belonging.
Family Engagement	Provides activities where children and dependents can participate, helping make the club experience more family-inclusive.
Member Experience	Adds meaningful seasonal and community activities that complement regular club use.
Environmental Responsibility	Introduces practical, visible ways for members to participate in sustainability.
Community Support	Provides a channel for members to contribute unused golf equipment to the Caddies Association.

5. Projects for the Upcoming Fiscal Year

The Committee has identified the following projects for the upcoming fiscal year. These activities are intended to build on the Committee's focus on community participation, family engagement, holiday traditions, and support for club stakeholders.

Date	Project	Planned Activity	Member Value
November 28, 2026	Parol Display Contest	Showcase the creativity of caddies and club staff.	Creates a festive community activity while recognizing the creativity and contribution of club personnel.
November 28, 2026	Golf Cart Contest	Holiday-themed cart parade for Barkadahan members.	Encourages member participation and adds a social, celebratory element to the holiday season.

November 28–29, 2026	Christmas Bazaar/Tiangge	Weekend shopping featuring local finds and festive treats.	Provides members with a convenient, community-oriented holiday shopping experience and an opportunity to discover local offerings.
November 29, 2026	Christmas Lighting Ceremony	Official launch of holiday light displays across the club grounds.	Continues an important club tradition and creates a shared seasonal experience for members and families.
November 29, 2026	Christmas Games for Kids	Inflatable attractions, balloon twisting, and children’s parlor games.	Provides age-appropriate activities for younger members and dependents, strengthening family participation.
November 29, 2026	Raffle Draw & Entertainment	Entertainment shows and member raffle draws throughout the day.	Adds participation and entertainment to the holiday program while creating more opportunities for members to gather.

LOOKING AHEAD

The Committee’s upcoming program combines established club traditions with opportunities for broader participation. The focus remains on activities that are enjoyable, family-friendly, inclusive of club staff and caddies, and meaningful to the membership.

6. Closing Statement

The Social Events & Sustainability Committee recognizes that a strong club community is built not only through facilities and services, but also through shared experiences, responsible practices, and opportunities to connect. The FY 2025–2026 initiatives reflect the Committee’s continuing effort to create programs that members can enjoy, families can participate in, and the wider club community can benefit from.

The Committee extends its appreciation to the Board of Directors, Management, sponsors, staff, caddies, members, and families whose participation and support contributed to the implementation of the activities outlined in this report.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Valley Golf & Country Club, Inc. (a nonprofit organization) (the Club), which comprise the statements of financial position as at June 30, 2026 and 2025, and the statements of income, statements of comprehensive income, statements of changes in members' equity and statements of cash flows for each of the three years in the period ended June 30, 2026, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Club as at June 30, 2026 and 2025, and its financial performance and its cash flows for each of the three years in the period ended June 30, 2026 in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Club in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), as applicable to the audits of the financial statements of public interest entities, together with the ethical requirements that are relevant to the audits of financial statements in the Philippines. We have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Club's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Club or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Club's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Club's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Club's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Club to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on the Supplementary Information Required Under Revenue Regulations Nos. 34-2020 and 15-2010

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Revenue Regulations Nos. 34-2020 and 15-2010 in Note 25 to the financial statements are presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of Valley Golf & Country Club, Inc. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

VALLEY GOLF & COUNTRY CLUB, INC.

(A Nonprofit Organization)

NOTES TO FINANCIAL STATEMENTS

1. Corporate Information

Valley Golf & Country Club, Inc. (the Club) was organized in the Philippines and registered with the Philippine Securities and Exchange Commission (SEC) on May 14, 1958 as a nonprofit organization. On July 17, 1963, the SEC granted the Club a secondary license to sell its securities to the public.

The primary purpose of the Club is to foster and promote the game of golf and operate and maintain a golf course and country club and, generally, to do and perform all such acts and things, and exercise such powers as are ordinarily done, performed and exercised by social and athletic clubs and associations.

Prior to 2012, the Club is exempt from payment of income tax on income received from social, recreational, and athletic activities on a nonprofit basis provided that no part of the Club's income shall inure to the benefit of any of its members, trustees and officers. Under Section 30 (E) of the Tax Reform Act of 1997, an organization organized for recreational, sports and athletic activities shall be exempt from payment of income tax on income received from aforementioned activities.

On August 3, 2012, the Bureau of Internal Revenue (BIR) issued Revenue Memorandum Circular (RMC) No. 35-2012 clarifying that clubs organized and operated exclusively for pleasure, recreation and other non-profit purposes are subject to income tax and value-added tax (VAT) on their income from whatever source, including but not limited to membership fees, assessment dues, rental income, and service fees.

On August 13, 2019, the Supreme Court declared that membership fees, assessment dues, and fees of similar nature collected by Clubs which are organized and operated exclusively for pleasure, recreation, and other nonprofit purposes do not constitute as: (a) "the income of recreational clubs from whatever source" that are "subject to income tax"; and (b) part of the "gross receipts of recreational clubs" that are "subject to VAT". Accordingly, the Club did not collect the related output VAT for membership fees, assessment dues, and fees of similar nature.

The registered office of the Club, which is also its principal place of business, is located at Don Celso S. Tuason Ave., Antipolo City.

The Club's Board of Directors (BOD) approved the issuance of the financial statements as at June 30, 2026 and 2025 and for each of the three years in the period ended June 30, 2026 on September 17, 2026.

2. Material Accounting Policy Information

Basis of Preparation

The financial statements of the Club have been prepared on a historical cost basis, except for the financial assets at FVPL and trust fund which are measured at fair value. The financial statements are presented in Philippine peso (₱), which is the Club's functional and presentation currency. All values are rounded to the nearest peso, except when otherwise indicated.

Statement of Compliance

The financial statements of the Club have been prepared in compliance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except that the Club has adopted the following amendments to existing standards starting July 1, 2025. The Club has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. Adoption of these pronouncements did not have any impact on the financial statements of the Club.

- Amendments to PAS 21, *Lack of exchangeability*

Standards Issued but Not yet Effective

Pronouncements issued but not yet effective are listed below. The Club does not expect that the future adoption of the said pronouncements will have a significant impact on its financial statements. The Club intends to adopt the following pronouncements when they become effective.

Effective beginning on or after July 1, 2026

- Amendments to Illustrative Examples on PFRS 7, PFRS 18, PAS 1, PAS 8, PAS 36 and PAS 37, *Disclosures about Uncertainties in the Financial Statements*
- Amendments to PFRS 9 and PFRS 7, *Classification and Measurement of Financial Instruments*
- Amendments to PFRS 9 and PFRS 7, *Contracts Referencing Nature-dependent Electricity*
- Annual Improvements to PFRS Accounting Standards—Volume 11
 - Amendments to PFRS 1, *Hedge Accounting by a First-time Adopter*
 - Amendments to PFRS 7, *Gain or Loss on Derecognition*
 - Amendments to PFRS 9, *Lessee Derecognition of Lease Liabilities and Transaction Price*
 - Amendments to PFRS 10, *Determination of a ‘De Facto Agent’*
 - Amendments to PAS 7, *Cost Method*

Effective beginning on or after July 1, 2027

- PFRS 17, *Insurance Contracts*
- PFRS 18, *Presentation and Disclosure in Financial Statements*
- PFRS 19, *Subsidiaries without Public Accountability*
- Amendments to PAS 21, *Translation to a Hyperinflationary Presentation Currency*

Deferred effectivity

- Amendments to PFRS 10 and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

Financial Assets

Initial Recognition and Measurement of Financial Assets

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost and FVPL.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Club's business model for managing the financial assets. With the exception of trade receivables that do not contain a significant financing component the Club initially measures a financial asset at its fair value plus, in the case of financial assets not at FVPL, transaction costs. Trade receivables that do not contain a significant financing component or for which the Club has applied the practical expedient are measured at the transaction price determined under PFRS 15.

In order for a financial asset to be classified and measured at amortized cost, it needs to give rise to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Club's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortized cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows.

The Club's financial assets are in the nature of financial assets at amortized cost.

Subsequent Measurement of Financial Assets

The subsequent measurement of financial assets depends on their classification as follows:

Financial assets at amortized cost

Financial assets at amortized cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognized in the statement of income when the asset is derecognized, modified or impaired.

The Club's financial assets at amortized cost includes cash and cash equivalents, trade and other receivables, trust fund and refundable deposit presented in "Other current assets" and "Other noncurrent assets" in the statements of financial position (see Notes 4, 5, 6, 9 and 10).

Impairment of Financial Assets

The Club recognizes an allowance for expected credit losses (ECLs) for all financial asset not held at FVPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Club expects to receive, discounted at an approximation of the original EIR. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For cash in bank, cash equivalents and trust fund, the Club applies the low credit risk simplification. The probability of default and loss given defaults are publicly available and are considered to be low credit risk investments. It is the Club's policy to measure ECLs on such instruments on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL. The Club considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due.

For trade and other receivables, the Club applies a simplified approach in calculating ECLs. Therefore, the Club does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Club has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For refundable deposits, the Club calculates ECLs at initial recognition by considering the consequences and probabilities of possible defaults only for the next 12 months, rather than the life of the asset. It continues to apply this method until a significant increase in credit risk has occurred, at which point the loss allowance is measured based on lifetime ECLs.

Definition of default

The Club considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Club, in full (without taking into account any collaterals held by the Club).

Irrespective of the above analysis, the Club considers that default has occurred when a financial asset is more than 120 days past due unless the Club has reasonable and supportable information to demonstrate that a more conservative default criterion is more appropriate.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Club compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Club considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Club's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organizations, as well as consideration of various external sources of actual and forecast economic information that relate to the Club's core operations.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- a) significant financial difficulty of the issuer or the borrower;
- b) a breach of contract, such as a default or past due event;
- c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganization; or
- e) the disappearance of an active market for that financial asset because of financial difficulties.

The Club implements a policy on its receivables, wherein members in the delinquent list or those with accounts that are past due for a certain period are reported to the BOD. The respective shares of the members or of the juridical entities they represent shall be ordered sold by the BOD, through an auction, to satisfy the claims of the Club.

Write-off policy

The Club writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Club's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized the statement of income.

Financial Liabilities

Initial Recognition and Measurement of Financial Liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings, payables, or as derivative designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in case of loans borrowings and payables, net of directly attributable transaction costs.

The Club's financial liabilities are in the nature of amortized cost. The Club has no financial liabilities at FVPL and derivative instruments as at June 30, 2026 and 2025.

Subsequent Measurement - Loans and borrowings and Payables

This is the category most relevant to the Club. After initial recognition, loans and borrowings and payables are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in the statement of income when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of income.

The Club's financial liabilities at amortized cost includes trade and other payables excluding statutory payables, members' deposit and others, security deposits and lease liabilities (see Notes 11, 12, 16 and 17).

Fair Value Measurement

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to by the Club.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Club uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Club determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Club has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Property and Equipment

Property and equipment, except for land, are stated at cost less accumulated depreciation and any impairment losses, if any. Land is stated at cost less any impairment in value.

The initial cost of property and equipment comprises its purchase price, including import duties, non-refundable taxes, and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Such cost includes the cost of replacing part of such property and equipment when the recognition criteria are met. Expenditures incurred after the property and equipment have been put into operations, such as repairs and maintenance and overhaul costs, are normally charged to the statement of income in the period when the costs are incurred.

The Club's policy is to classify right-of-use (ROU) assets as part of property and equipment. The Club recognizes ROU assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). ROU assets are initially measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The initial cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Unless the Club is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized ROU assets are depreciated on a straight-line basis over the shorter of their estimated useful life of five (5) years and lease term. ROU assets are subject to impairment.

Depreciation is computed on a straight-line basis over the following estimated useful lives of the assets:

Category	Number of Years
Land improvements	3-50
Building and structures	5-50
Ground tools and services machinery and equipment	3-10
Furniture, fixtures and equipment	3-10
Transportation equipment	5

Construction in progress is stated at cost, net of accumulated impairment losses, if any. Depreciation is computed when the construction is completed.

The useful lives and methods of depreciation of property and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising from derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of income in the year the asset is derecognized.

Investment Properties

Except for land, investment property is stated at cost less accumulated depreciation and impairment in value for building. The cost of the investment property comprises its purchase price and other direct costs. Depreciation on the building is computed on a straight-line basis over the estimated useful life of 20 years. Land is stated at cost less any impairment in value.

Transfers are made to investment property when there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction of development. Transfers are made from investment property when there is a change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. These transfers are recorded using the carrying amount of the investment property at the date of the change in use.

Gains or losses resulting from the sale of an investment property are recognized in the statement of income.

Investment property is derecognized upon disposal or when permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss on the retirement or disposal of an investment property is recognized in the statement of income in the year of retirement or disposal.

Computer Software

Computer software included as part of "Other noncurrent assets" is initially recognized at cost. Following initial recognition, computer software is carried at cost, less accumulated amortization and any accumulated impairment in value.

Computer software is amortized on a straight-line basis over its estimated useful economic life of three (3) years to five (5) years and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization commences when the computer software is available for use. The period and method of amortization for the computer software are reviewed at each end of the reporting period. Changes in the estimated useful life is accounted for by changing the amortization period or method, as appropriate, and treated as changes in accounting estimates. The amortization

expense is recognized in the statement of income in the expense category consistent with the function of the computer software.

Impairment of Property and Equipment, Investment Properties and Computer Software

The Club assesses at each reporting date whether there is an indication that a nonfinancial asset may be impaired. If any such indication exists, the Club makes a formal estimate of recoverable amount. The nonfinancial asset's estimated recoverable amount is the higher of the asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other nonfinancial assets or group of nonfinancial assets, in which case the recoverable amount is assessed as part of the cash generating unit to which it belongs. Where the carrying amount of the nonfinancial asset exceeds its estimated recoverable amount, the nonfinancial asset is considered impaired and is written down to its estimated recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the nonfinancial asset. Fair value less costs to sell is the amount obtainable from the sale of the nonfinancial asset or cash-generating unit in an arm's-length transaction, adjusted for incremental costs that would be directly attributable to the disposal of the nonfinancial asset.

Impairment losses are recognized in the statement of income in those expense categories consistent with the function of the impaired nonfinancial asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the nonfinancial asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its estimated recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of income.

Revenue from Contracts with Customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Club expects to be entitled in exchange for those goods or services. The Club has generally concluded that it is the principal in its revenue arrangements, except for the concessionaire services, because it typically controls the goods or services before transferring them to the customer.

The following are the Club's performance obligations:

Membership Dues

Membership dues pertains to monthly member's dues and administration fee charged to the Club's members and past Club presidents, respectively. Revenues are recognized over time when membership dues are due and demandable, net of any discount. Any advance payments are recorded under "Contract liabilities" account in the statement of financial position.

(i) *Variable Consideration*

- a. Discount on annual dues are provided to the members when they pay the annual dues in advance. The discount is equivalent to one-month membership dues and is presented as a reduction to the revenue recognized.
- b. Discount on prompt payments are provided to members when they pay their account balance in full within one month after billing. To estimate the variable consideration for the expected discount on prompt payments, the Club applies the most likely amount.

Sports and Recreation

Sports and recreation pertain to fees charged for use of the Club's golf and swimming pool facilities. This also includes the service fee charged for every play of golf. Revenues are recognized overtime when the related services have been rendered.

Assessment for Road Maintenance

Assessment for road maintenance is income generated from the use of the Club's main road, Don Celso S. Tuason Avenue. Revenues are recognized overtime when the related services have been rendered.

Corporate Services

Corporate services pertain to fees charged by the Club for processing members transactions. This includes transfer fees and service charge on playing guests. Transfer fees are transaction fees for transfers of members shares of stocks. Service charges on playing guests are transaction fees or cash requirements in order to process the Club's playing rights to outside individuals. Revenues are recognized overtime when the related services have been rendered.

Concession Fees

Concession fees pertains to a fee charged by the Club to its concessionaires in exchange for the right granted to the later to render food and beverage services and sale of goods to its members and guests. The amount of the commission income is based on the terms of the concessionaires' agreements. The Club acts as an agent on its concession agreements since it does not have control over the specified goods or services that will be delivered by the concessionaires to the Club's members and guests. Revenues are recognized at a point in time when the concessionaire has delivered the goods to the members and guests and the related services have been rendered.

Revenue from Special Events

Revenue from special events pertains to fees charged for golf tournaments and Club's social events. Revenue is recognized overtime upon occurrence of the event.

Patronage Fees

Patronage fees are consumables that members are entitled to for the consumption of food provided by the Club's concessionaire. Revenue are recognized at a point in time upon determination of the expired and unconsumed portion of the minimum required purchase of food and beverage, subject to the Club's policy. Any advance payments are recorded under "Contract liabilities" account in the statement of financial position.

Surcharge on Past Due Accounts

Surcharge on past due accounts are penalties charged to members with delinquent accounts for over 45 days from the cut-off date of the statement of account until the account is paid in full. Revenues are recognized at a point in time upon collection of the amount charged to the member for delayed payment.

Contract Balances

Receivables

A receivable represents the Club's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Club performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Club has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Club transfers goods or services to the customer, a contract liability is recognized when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Club performs under the contract.

Leases

Determination of Whether an Arrangement Contains a Lease

The Club assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Club as Lessee

The Club applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Club recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Lease liabilities

At the commencement date of the lease, the Club recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Club and payments of penalties for terminating a lease, if the lease term reflects the Club exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognized as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Club uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

Club as a Lessor

Leases in which the Club does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income is accounted for on a straight-line basis over the lease terms and is included in the statement of income due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Retirement Benefit Obligation

Defined Benefit Plan

The net defined benefit liability or asset is the aggregate of the present value of the defined benefit obligation at the end of the financial reporting period reduced by the fair value of plan assets (if any), adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The cost of providing benefits under the defined benefit plans is actuarially determined using the projected unit credit method.

Defined benefit costs comprise the following:

- Service cost
- Net interest on the net defined benefit liability or asset
- Re-measurements of net defined benefit liability or asset

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as expense in statement of income. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries.

Net interest on the net defined benefit liability or asset is the change during the period in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined benefit liability or asset. Net interest on the net defined benefit liability or asset is recognized as expense or income in statement of income.

Re-measurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in OCI in the period in which they arise. Re-measurements are not reclassified to statement of income in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Club, nor can they be paid directly to the Club. Fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations). If the fair value of the plan assets is higher than the present value of the defined benefit obligation, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Club's right to be reimbursed of some or all of the expenditure required to settle a defined benefit obligation is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

Taxes

Current Income Tax

Current income tax assets and liabilities for the current and the prior period are measured at the amount expected to be recovered from or paid to the taxation authority. The income tax rates and income tax laws used to compute the amount are those that are enacted or substantively enacted at the end of each financial reporting period.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable income or loss.

Deferred tax assets are recognized for all deductible temporary differences, and the carryforward benefits of unused tax credits from excess minimum corporate income tax (MCIT) over regular corporate income tax (RCIT) and unused net operating loss carryover (NOLCO), to the extent that it is probable that sufficient future taxable profits will be available against which the deductible temporary differences and the carryforward benefits of unused tax credits and unused tax losses can be utilized except where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable income or loss.

The carrying amount of deferred tax assets is reviewed at each end of reporting period and reduced to the extent that it is no longer probable that sufficient future taxable income will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each end of reporting period and are recognized to the extent that it has become probable that sufficient future taxable income will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the income tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on income tax rates (and tax laws) that have been enacted or substantively enacted at the end of the reporting period. Deferred tax relating to items recognized directly in equity is recognized in equity and not in the statement of income.

Value-added Tax (VAT)

Revenues, expenses, and assets are recognized net of the amount of VAT, if applicable.

When VAT from sales of goods and/or services (output VAT) exceeds VAT passed on from purchases of goods or services (input VAT), the excess is recognized as payable in the statement of financial position. When VAT passed on from purchases of goods or services (input VAT) exceeds VAT from sales of goods and/or services (output VAT), the excess is recognized as an asset in the statement of financial position to the extent of the recoverable amount.

For the non-VAT registered activities, the amount of VAT passed on from its purchase of goods or service is recognized as part of the cost of goods/asset acquired or as part of expense item based on the percentage of non-VATable revenues over the total revenue.

Provisions

Provisions are recognized when the Club has a present obligation (legal and constructive) as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are made by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as an interest expense.

Where the Club expects a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the receipt of the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of income, net of any reimbursement.

Events After the Reporting Date

Post year-end events that provide additional information about the Club's position at the reporting date (adjusting events) are reflected in the financial statements. Post year-end events that are not adjusting events are disclosed in the notes to financial statements when material.

3. Material Accounting Judgments, Estimates, and Assumptions

The preparation and fair presentation of the accompanying financial statements in compliance with PFRS Accounting Standards requires management to make judgments and estimates that affect the amounts reported in the financial statements and the accompanying notes. The judgments and estimates used in the accompanying financial statements are based upon management's evaluation of relevant facts and circumstances as at the date of the financial statements. Future event may occur which will cause the assumptions used in arriving at the estimates to change. The effects of any change in estimate are reflected in the financial statements as they become reasonably determinable. Actual results could differ from such estimates.

Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstance.

Judgments

In the process of applying the Club's accounting policies, management has made the following judgments which have the most significant effect on the amounts recognized in the financial statements:

Revenue from contracts with customers

The Club applied the following judgement that significantly affect the determination of the amount of revenue from contracts with customers:

- *Principal versus agent considerations*

The Club enters into contracts with its concessionaires to perform, on their behalf, sale of goods and services to its members. The Club determined that it does not control the goods before they are transferred to customers. The following factors indicate that the Club does not control the goods before they are being transferred to customers. Therefore, the Club determined that it is an agent in these contracts.

- The Club is not primarily responsible for fulfilling the promise to provide the goods or services.
- The Club's revenue is in the form of a fixed commission income as established in the concession contract with the concessionaires.

- The Club does not have inventory risk before or after the goods has been transferred to the customer.
- The Club has no discretion in establishing the price for the goods and services.

Operating Lease - Club as Lessor

The Club has entered into commercial property leases on its investment properties. The Club has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the present value of the minimum lease payments not amounting to substantially all of the fair value of the commercial property, that it retains substantially all the risks and rewards incidental to ownership of these properties and accounts for the contracts as operating leases.

Rental income pertaining to these leases amounted to ₱24,028,154, ₱25,349,854, and ₱23,714,557 in 2026, 2025 and 2024, respectively (see Note 17).

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Estimation of Provision for ECLs of Trade and Other Receivables

The Club uses a provision matrix to calculate ECLs for its trade and other receivables. The provision rates are based on days past due of each member that have similar loss pattern. The provision matrix is initially based on the Club's historical observed default rates. The Club calibrates the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions expected to deteriorate over the next year which can lead to an increased number of defaults in its members, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Club's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

Receivables from members that are considered as delinquent for a certain period and the amount due the Club has exceeded the credit limit of members as maybe fixed by the BOD from time to time shall be reported to the BOD and their shares of the juridical entities they represent shall thereafter be ordered sold by the BOD at auction to satisfy the claims of the Club as stated in the By-laws. It shall be absolutely prohibited to auction the share of a member whose overdue/delinquent account does not exceed such member's credit limit. As approved by the BOD, the members' credit limit ranges from ₱20,000 to ₱30,000. A member may pay the overdue account at any time before the auction sale.

The carrying value of trade and other receivables amounted to ₱51,073,875 and ₱31,179,737 net allowance for ECL of ₱1,942,614 as at June 30, 2026 and 2025 (see Note 5).

Estimation of Useful Lives of Property and Equipment

The Club estimates the useful lives of property and equipment excluding land, based on the period over which the Club's property and equipment are expected to be available for use. The estimated useful lives of property and equipment are reviewed periodically and updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of these assets. In addition, the Club's estimation of the useful lives of property

and equipment are based on collective assessment of industry practice, internal technical evaluation and experience with similar assets. It is possible that the future results of operations could be materially affected by changes in estimates brought about by changes in factors mentioned above.

As at June 30, 2026 and 2025, there were no changes made in the estimated useful lives of the Club's property and equipment. The carrying amount of property and equipment amounted to ₱392,124,855 and ₱294,176,772 as at June 30, 2026 and 2025, respectively (see Note 7).

Estimation of Incremental Borrowing Rate (IBR)

The Club cannot readily determine the interest rate implicit in the lease, therefore, it uses its IBR to measure lease liabilities. The IBR is the rate of interest that the Club would have pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment. The Club estimates the IBR using observable inputs like the risk-free rate and adjust it for factors such as the credit rating of the Club and the terms and conditions of the lease.

The Club's lease liabilities amounted to ₱49,996,047 and nil as at June 30, 2026 and 2025, respectively (see Note 17).

Retirement Benefit Costs

The cost of defined benefit pension plans and the present value of the pension obligation are determined using actuarial valuation. The actuarial valuation involves making various assumptions. These include the determination of the discount rates, future salary increases, turnover rate and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, defined benefit obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the market yields on Philippine government bonds with terms consistent with the expected employee benefit payout as at end of the reporting periods.

The mortality rate is based on publicly available mortality tables and is modified accordingly with estimates of mortality improvements. Future salary increases and pension increases are based on expected future inflation rates for the Philippines.

Retirement benefit obligation amounted to ₱13,483,961 and ₱11,031,011 as at June 30, 2026 and 2025, respectively (see Note 23).

Assessing Recoverability of Deferred Tax Assets

The Club reviews the carrying amounts of deferred tax assets at each reporting date and reduced the amounts to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. However, there is no assurance that the Club can generate sufficient taxable profit to allow all or part of its deferred taxable assets to be utilized.

The Club's deferred tax assets amounted to ₱21,729,706 and ₱9,280,287 as at June 30, 2026 and 2025, respectively (see Note 21).

Temporary deductible differences for which no deferred tax asset was recognized amounted to ₱6,616,337 and ₱13,758,907 as at June 30, 2026 and 2025, respectively (see Note 21).

4. Cash and Cash Equivalents and Short-term Investments

Cash and cash equivalents

	2026	2025
Cash on hand	₱195,000	₱175,000
Cash in banks	54,618,550	34,828,161
Cash equivalents	2,478,706	86,730,794
	₱57,292,256	₱121,733,955

Cash on hand consists of fund for daily operating expenses and undeposited collections. Cash in banks earn interest at the respective bank deposit rates. Cash equivalents are short term deposits made for varying periods of up to three (3) months and earns interest at the respective short-term deposit rates.

Interest income earned amounted to ₱2,130,583, ₱439,156 and ₱1,024,951 in 2026, 2025 and 2024, respectively.

Short-term investments

Short-term investments pertain to time deposits with maturities of more than three (3) months but less than one year and earn interest at the respective short-term placement rates.

In 2024 the Club invested in short-term investments amounting to ₱21,529,278 that were disposed entirely in 2025.

Interest income from short-term investments earned amounted to nil, ₱1,529,439 and ₱366,925 in 2026, 2025 and 2024, respectively.

5. Trade and Other Receivables

	2026	2025
Members	₱23,963,761	₱23,366,646
Others	29,052,728	9,755,705
	53,016,489	33,122,351
Less allowance for ECLs	1,942,614	1,942,614
	₱51,073,875	₱31,179,737

Receivables from members, which are due 30 days after billing date, are noninterest-bearing and constitute a lien on the members' shares.

Other receivables primarily consist of the receivable from a supplier for equipment costs advanced by the Club, which are reimbursable within 30 days. These also include the share of the concessionaires and maintenance provider for the security services and electricity of the access roads around the Club, advances made to officers and employees and receivables from concessionaires and various organizations which are settled within 30-90 days' term.

The movement in allowance for ECLs are as follows:

	2026	2025
Balances at beginning of year	₱1,942,614	₱1,613,395
Provision (Note 19)	–	329,219
Balances at end of year	₱1,942,614	₱1,942,614

6. Other Current Assets

	2026	2025
Refundable deposits	₱13,974,379	₱–
Advances to suppliers	9,888,124	3,770,043
Prepayments	4,279,918	3,743,475
Supplies inventories at NRV	3,623,073	2,791,367
Creditable withholding taxes (CWTs)	229,970	503,328
Others	–	20,000
	₱31,995,464	₱10,828,213

Refundable deposits pertain to amounts recoverable from contractors following the termination of the related contractual arrangements.

Advances to supplier pertain to the Club's advances on materials to be used for golf tournaments.

Prepayments pertain to prepaid taxes and licenses, prepaid medical expenses and prepaid insurance premiums.

Supplies inventories include gasoline and oil stocks, grounds materials, office, shop and maintenance supplies and construction materials. Cost of inventories valued at NRV amounted to ₱3,689,799 and ₱3,200,845 as at June 30, 2026 and 2025, respectively.

The movements in the allowance for inventory obsolescence are as follows:

	2026	2025
Balances at beginning of year	₱409,478	₱312,009
Provision during the year (Note 19)	–	97,469
Reversals (Note 19)	(32,007)	–
Write-off	(310,745)	–
Balances at end of year	₱66,726	₱409,478

CWTs are amounts withheld from income subject to expanded withholding taxes. CWTs can be utilized as payment for income taxes provided that these are properly supported by certificates of creditable tax withheld at source subject to the rules on Philippine income taxation. CWTs which are claimed against the income tax due, represents excess of the tax payable and carried over in the succeeding period for the same purpose.

In 2026 there were ongoing projects such as renovation of main club house, and other facilities upgrades recorded under construction in progress. As of June 30, 2026, the percentage of completion estimates ranging from 10%-95%. These projects will be completed in 2027.

In 2025, the Club written-off construction in progress amounting to ₱511,301 (see Note 19).

In 2024, the Club opened an auction sale of various fixed assets and disposed various property and equipment for ₱149,107 which resulted to a gain on disposal of ₱108,106 presented under “Other income” in statements of income.

The cost of fully depreciated property and equipment still used in operations amounted to ₱164,903,253 and ₱177,815,206 as at June 30, 2026 and 2025, respectively. The Club did not enter into long-term purchase commitments relating to the ongoing capital projects as these are not expected to take substantial time to complete.

8. Investment Properties

Based on the appraisal report dated August 28, 2026 submitted by Top Consult, Inc., independent appraiser accredited by the Philippine SEC, the fair value of the land with aggregate land area of 9,407 sqm. and building with total floor area of 2,271 sqm., amounted to ₱111,219,400 and ₱24,228,000 respectively.

Based on the appraisal report dated July 18, 2025 submitted by Top Consult, Inc., an independent appraiser accredited by the Philippine SEC, the fair value of the land with aggregate land area of 9,407 sqm. and building with total floor area of 2,271 sqm., amounted to ₱103,628,900 and ₱25,476,000, respectively.

The market value of the investment properties as of 2026 and 2025 were valued using the market approach for land and cost approach for building (Level 3). Market approach consider the prices for transactions of identical or similar assets that have occurred recently in the market. Cost approach an estimate is made on the current replacement or reproduction cost of an asset and making deductions for physical deterioration and all other relevant forms of obsolescence.

Rental income earned from investment property amounted to ₱617,493, ₱548,446 and ₱334,109 in 2026, 2025 and 2024 (see Note 17). Direct expenses related to investment properties consist mainly of depreciation amounting to nil in 2026 and 2025 and ₱12,054 in 2024, (see Notes 18 and 19). No indirect expenses incurred related to investment properties in 2026, 2025 and 2024.

9. Trust Fund

22. Related Party Transactions

Related parties include members of key management personnel including directors and officers of the Club and close members of the family and companies associated with these individuals. In considering each possible related entity relationship, attention is directed to the substance of the relationship and not merely the legal form. Parties are considered to be related if one party has the ability to control, directly or indirectly, the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control. Related parties may be individuals or corporate entities.

A summary of major account balances with related parties follows:

Key Management Personnel Compensation

Compensation of key management personnel which represent short-term and retirement benefits are as follows:

	2026	2025	2024
Short-term benefits	P1,860,025	P4,321,933	P3,723,903
Retirement benefits	249,111	408,989	857,068

On January 16, 2024, these green fee rates are changed ranging from P1,000 to P4,500 during weekdays, and P1,600 to P5,500 during weekends and holidays.

On May 1, 2026, these green fee rate are changes ranging from P1,500 to P5,200 during weekdays, and P2,000 to P7,000 during weekends and holidays.

The Club also authorizes certain Club officers to entertain houseguests and use the Club's facilities free-of-charge.

23. Retirement Benefit Obligation

The Club has a funded, non-contributory, defined benefit retirement plan covering all its qualified officers and employees. Under the plan, qualified officers and employees are entitled to receive pension benefits on a lump sum basis when they reach the retirement age of 60. With the consent of the Club, an employee may elect to retire early provided he has rendered at least 20 years of credited service or at least 15 years of credited service and at least 50 years old. The projected unit credit cost method was used to determine the retirement benefit costs and obligation. The Club's retirement fund is being held in trust by a trustee bank.

The following tables summarize the components of the retirement benefit cost recognized in the statement of income and the retirement benefit obligation recognized in the statement of financial position for the retirement plan.

Defined benefit cost expense recognized in the statements of income:

The Club's latest actuarial valuation report was as of June 30, 2026.

24. Financial Instruments

Financial Risk Management Objectives and Policies

The Club's principal financial liabilities comprise of trade and other payables, members' deposit and others, and short-term borrowing. The main purpose of these financial liabilities is to raise finance for the Club's operations. The Club has various financial assets such as cash and cash equivalents and trade and other receivables and refundable deposits, which arise directly from its operations. The Club also has short-term investments, investments in financial assets at FVPL and trust fund.

The main risks arising from the Club's financial instruments are credit risk and liquidity risk. The BOD reviews and approves the policies for managing each of these risks and they are summarized below.

Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Club manages credit risk by establishing credit limits at the level of the individual borrower, corporate relationship and industry sector. Also, the Club transacts only with recognized third parties.

In addition, receivables balances are monitored on an ongoing basis with the result that the Club's exposure to bad debts is not significant. Provision for ECL/impairment losses on receivables will also be made if the situation so warrants subject to the BOD's review and approval.

The following table represents the Club's maximum exposure to credit risk:

	2026	2025
Cash in banks and cash equivalents	₱57,097,256	₱121,558,955
Trade and other receivables	51,073,875	31,179,737
Trust fund	4,914,384	5,427,060
Refundable deposits - current	13,974,379	—
Refundable deposits - noncurrent	9,972,363	1,819,083
	₱137,032,257	₱159,984,835

Impairment of financial assets

The Club's financial assets that are subject to the ECL model:

- cash and cash equivalents
- trade and other receivables
- trust fund
- refundable deposits

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due of trade and other receivables. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

While cash and cash equivalents, short-term investments, trust fund and refundable deposit are also subject to the impairment requirements of PFRS 9, the identified impairment loss were immaterial.

Trade and other receivables

Below is the information about the credit risk exposure on the Club's trade and other receivables using a provision matrix:

Liquidity risk

Liquidity risk is defined as the risk that the Club may not be able to settle or meet its obligations as they fall due. The Club monitors and maintains a level of cash deemed adequate by the management to finance the Club's operations and mitigate the effects of fluctuations in cash flows.

The table below summarizes the maturity profile of the Club's financial liabilities as at June 30, 2026 and 2025, based on contractual undiscounted cash flows. The table also analyses the maturity profile of the Club's financial assets in order to provide a complete view of the Club's contractual commitments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates.

Fair Value Measurements

The following provides the fair value measurement hierarchy of the Club's assets and liabilities as at June 30, 2026 and 2025:

	Date of Valuation	Fair Value Measurement		
		Total	Quoted Prices in Active Markets (Level 1)	Significant Observable Inputs (Level 2)
Assets for which fair values are disclosed				Significant Unobservable Inputs (Level 3)
<i>Investment Properties</i>	2026	₱135,447,400	₱–	₱–
	2025	₱129,104,900	₱–	₱–

As at June 30, 2026 and 2025, the fair value of investment properties are calculated using the sales comparative approach, which resulted in measurement being classified as Level 3 in the fair value hierarchy.

Significant unobservable inputs for fair value measurement of the Club's investment properties include sales listing of currently executed transactions involving similar items within the immediate vicinity of the property. The fair value of the investment properties is adjusted considering the location, size and physical attributes of the property.

Description of significant unobservable inputs to valuation:

Assets	Valuation Technique	Significant Unobservable Input	Range of Input	Sensitivity of the Input to Fair Value
Investment properties	Market approach and cost approach	Price per area	Various	Increase (decrease) in price per area would increase (decrease) the fair value

There are no changes in the valuation techniques used for assets classified under Level 3 category. During the years ended June 30, 2026 and 2025, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

Cash and cash equivalents, short-term investments, trade and other receivables, trust fund, refundable deposits, trade and other payables, security deposits and members' deposit and others

The carrying values of cash and cash equivalents, trade and other receivables, trade and other payables, and members' deposit and others, and short-term borrowing, approximate their fair values due to the relatively short-term maturity of these financial instruments.

Refundable deposits under "other noncurrent assets"

The carrying amount of refundable deposits, which is equal to its undiscounted amount before taking into consideration any imputed interest on the said deposits, approximate its fair value.

Lease liabilities

The fair value of lease liabilities was determined by using the DCF method using the Club's incremental borrowing rate at the date of initial application. Its carrying amount approximates its fair value.

Capital Management

The primary objective of the Club's capital management policy is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize members' value. The club manages its capital structure and makes adjustments to it, in light of changes in economic conditions. The Club is not subject to externally imposed capital requirements.

The Club considers total member's equity as capital.

	2026	2025
Capital stock	₱14,391,000	₱14,346,000
Contributions in excess of par value	225,248,772	201,627,772

	₱393,743,774	₱357,116,604

No changes were made in the objectives, policies or processes for the years ended June 30, 2026 and 2025.

25. Supplementary Information under Revenue Regulations (RR) Nos. 34-2020 and 15-2010

RR 34-2020

The Club is not covered by the requirements and procedures for related party transactions provided by RR 34-2020 which prescribes the guidelines and procedures for the submission of BIR Form 1709 Related Party Transactions Form, transfer pricing documentation and other supporting documents.

RR 15-2010

On November 25, 2010, the BIR issued RR 15-2010 prescribing the manner of compliance in connection with the preparation and submission of financial statements accompanying the tax returns. It includes provisions for additional disclosure requirements in the notes to the financial statements, particularly on taxes, duties and licenses paid or accrued during the year. The Club reported and/or paid the following types of taxes in 2026:

a. VAT

The NIRC of 1997 provides for the imposition of VAT on sales of goods and services. Accordingly, the Club's sales are subject to output VAT while its purchases from other VAT-registered individuals or corporations are subject to input VAT.

Details of the Club's net sales/receipts, output VAT and input VAT accounts are as follows:
